

**1 Why are there so many unemployed people?**

People are unemployed because they do not want to work / do not have the right skills / are too old and too slow for some employers / do not invest in their professional development / lose their jobs because of downsizing / lose their jobs because they don't follow some rules.

**2 Should housewives be paid for their work? Why? Why not?**

Yes, I think housewives should be paid for their work because taking care of the house and kids is as demanding as working in a factory.

No, I think housewives should not be paid for their work. After maternity leave they should return to work.

No, I think housewives should not be paid for their work because our country is too poor to give salaries to women who sit at home and take care of babies.

**3 At what age should people stop working? Why?**

I think people should work till the age of 65 or longer if they are in good health because they need to have contact with people / need to have some tasks to do / ought to make some mental and physical effort / should feel useful and needed

I think people should work for at least 35 years. Life without a job is boring / monotonous / empty.

**4 What kind of job would you like to have in the future?**

I would like to be a flight attendant / doctor / software developer.  
Being a flight attendant will allow me to see the world and meet interesting people. / Being a doctor will allow me to help sick people and save many lives. / I am creative and I love computers so being a software developer would be perfect for me.
