

**1 Why do some people move from the city to the countryside?**

People move from the city to the countryside because they need peace and quiet / they want to be close to nature / they want to live in a clean place / they are fed up with city life / they want to slow down.

**2 Is your home your 'castle'? Why? Why not?**

Well, my home is my castle because I feel safe and secure there / because my parents are there and they protect me and take care of me / because it is located in a safe suburb.

No, my home is not my castle. I have moved several times so my house is just a place for the next few years. / I just sleep there, so it is more like a hotel.

**3 Would you ever like to emigrate from Poland? Why? Why not?**

There are moments when I want to emigrate. I think life abroad is easier than in Poland / I would like to live in a warmer climate / I would like to live close to the ocean / I would like to practice my English.

No, I don't want to emigrate. I think I can achieve everything I want here in Poland / I feel good in Poland, my family and friends are here / I would feel very homesick abroad.

**4 Would you like to have a big garden next to your house? Why? Why not?**

Yes, it would be great / fantastic / wonderful. It is my dream to have a big garden next to my house because I have green fingers / I love gardening / I could have a barbecue with my friends / I could sunbathe and relax.

No, I would not like to have a big garden next to my house. Gardening takes time and money / I am not keen on gardening / Gardens are for the elderly not for young people.

**5 Would you like to live in a big city? Why? Why not?**

I would love to. Living in a big city has many pros. It is easier to find a job / It is very convenient / There are shops, school and hospitals / Cities offer entertainment / There is great public transport.

I wouldn't like to live in a big city. Living in a big city has many disadvantages. They are noisy and dirty / They can be dangerous / There are traffic jams / There is pollution and noise / There is crime / There are not many green places.

**6 Should every person in the family have their own room? Why? Why not?**

It is the best solution when every person in the family has their own room because everybody needs some privacy / silence / comfort.

It is not ideal when everybody has their own room. Family members should talk / meet / spend time together / not be separated from each other.

**7 What house would you like to live in in the future?**

I would like to have an apartment / a detached house outside the city / a penthouse in Warsaw / a small cottage in the country.

It should be cosy / spacious / bright / conveniently located.

**8 Is it important where your house is situated? Why? Why not?**

The location of my house is very important / of great importance to me.  
I live close to public transport / school / the city centre, which is very convenient.  
Everything is within walking distance.  
My house is located in a clean / green / safe suburb and I love living there.

The location of my house is not important to me / is of no importance to me.  
I have a bike and I can ride everywhere / My parents have bought me a car so commuting is not a problem for me.

**9 Is your home important to you? Why? Why not?**

Yes, my home is very important to me. It is a place where I feel secure / It is a place where the people I love are / It is a place where I can relax and calm down.

No, my home is not very important to me. It is often empty as my parents work a lot / It is often dirty as everybody is too busy to clean it.

**10 Would you like to live abroad? Why? Why not?**

I would like to live abroad because it would be easier for me to save money and buy a flat, a car or travel / I would gain some useful life experience / I would learn a foreign language faster and be more fluent in it / I would experience a new culture and get to know new customs.

I would not like to live abroad because I need my family / I would miss my friends / I would feel homesick / I really love my country.
