

### 1 Why are second-hand shops so popular?

Second-hand shops are popular because they offer good quality products at low prices / they offer a wide choice of products / it is possible to find cheap designer clothes there.

### 2 Would you like to have your own shop? Why? Why not?

Yes, I would like to have my own jewellery shop / boutique because I make my own jewellery / I am into fashion.

No, I would not like to have my own shop because I would not want to deal with angry customers / taxes in Poland are too high / shops are connected with a lot of paper work.

### 3 Do you often shop online? Why? Why not?

I often shop online because it saves time / it is convenient / it is faster / the choice of products is bigger / the prices are lower.

No, I do not often shop online because I like to touch products / I like to try something on before I buy it / I like to ask the shop assistant for advice.

### 4 Can using a credit card be dangerous? Why? Why not?

Yes, using a credit card is dangerous especially when you do shopping online / when you lose your credit card / when you write down the PIN number on your card / when you lend your credit card to someone / when you leave your credit card unattended. But if you use a credit card responsibly, it is not dangerous.

### 5 Are credit cards a good way to pay for your shopping? Why? Why not?

Yes, credit cards are a good way to pay for your shopping because you do not need to carry a lot of cash with you / they are safer than cash / they are very useful when you buy an expensive product.

No, credit cards aren't a good way to pay for your shopping because you do not control how much you spend / you may get deep into debt / you may buy more than you need / you may easily become a shopaholic.

### 6 Why do people buy so much ready to eat food?

People buy ready-to-eat food because they do not have time to cook / they lead busy lives / they want to have comfortable lives / they can't cook / they are single and they do not cook for themselves at all / because ready-to-eat food is cheap.

**7 Would you prefer to buy all you need in small local shops? Why? Why not?**

Yes, I would prefer to buy all I need in a small local shop because it would be very convenient / it would save a lot of my time / I would get better service.

No, I would not like to buy all I need in a small local shop because the prices of the products would be higher / I would spend more money / I would probably have to wait in long queues.

**9 Is shopping with the family a good way of spending your free time? Why? Why not?**

Yes, shopping with the family is a good way of spending free time because family members are together / can pop into a café or ice-cream parlour and chat / can help each other.

No, shopping with the family is not a good way of spending free time. Families should practice some sports together / ought to go to the cinema together / should relax and have fun together / ought to develop their passions together.

**8 Why are shopping malls so popular?**

Shopping malls are popular because they are open till late / offer a wide range of shops and products / have lower prices than corner shops / provide customers with entertainment such as cafes, bowling alleys, cinemas and gyms.

**10 Do you like shopping? Why? Why not?**

I like shopping because it is relaxing / calms me down / helps me to unwind.

I don't like shopping because it takes too much time / is boring / is exhausting.
